

Hotel Boycott Pledge

In tough economic times, it is wrong for rich hotel companies like Hyatt and HEI to take unfair advantage. Too many hotel workers in our community are still struggling to lift themselves and their families out of poverty. When called upon by hotel workers and their union, we will honor a boycott by pledging not to patronize the following hotel properties until a fair settlement is reached:

**Hilton Los Angeles Airport
Hilton Long Beach
Hyatt Regency Long Beach
Hyatt Andaz West Hollywood
Hyatt Century Plaza
Wilshire Plaza
Irvine Embassy Suites**

Our pledge is a public endorsement and a show of solidarity with all fighting for safe and humane working conditions and against discrimination.
